

Thank you to our Biggest Winners, Richfield's own, O'Neal & Sunshine Hampton for being our Grande Marshals!

Their Richfield Nice was on display on this season's NBC Biggest Losers reality show. At the live season finale show O'Neal & Sunshine showed off what the months of being on the Biggest Loser Ranch had done for them.

O'Neal started the show weighing 389 lbs and now is less than 230 lbs and doesn't have to take the 10 pills a day he used to take. His diabetes and cholesterol are now under control.

Sunshine started the show at 275 lbs and is now below 161 lbs. Dr. predictions of high blood pressure and diabetes have been thwarted.

They continue to work on the good eating and exercise habits they learned at the ranch. Life is good for our Biggest Losers!
